Now you know where and who we are why not Sponsor a Child?

Sponsorship* can be very rewarding for both sponsor and child. Why not enter the life of one of the poorest children on earth and for the price of a meal out, make positive and lasting change.

* Child sponsorship raises funds that are spent evenly for all children in the projects avoiding the possibility of jealousy and discrimination. If you wish to give your child a personal present please limit them to small inexpensive or useful items. Otherwise regular communication is encouraged.

npyt Sponsorship Form complete and return to npyt

I/we wish to sponsor a child in your organisation

I/we wish to sponsor a

- Girl
- Boy
- Either

Between

- 1-5 years

details)

I/we wish to have newsletters and other material sent to us

- By post
- By e-mail (NB we will need a postal address for initial contact)

To:

Signature Date

What you get Above and beyond the satisfaction of watching your child grow, develop and mature. Upon receipt of this form you will receive a photograph of your child with a brief case study, a letter from the project social worker and from your child (if able to write). You will also receive regular updates on your child's and project progress and a car sticker.

What we get Apart from your hard earned money. For npyt and our children, having donors committed to contribute over a period of time enables us to plan and give the children the security they so desperately need.

Suggestion: If you are transferring money why not pay several months at a time to reduce money lost in bank charges.
